

Walraven WT1 Throughbolt Anchor SSt

(M9523)

ultimate performance stainless steel expansion anchor for cracked concrete

Features & benefits

- superior load capacity
- ETA Option 1 approval for cracked and non-cracked concrete
- fire resistance class R30-R120 for design of anchorages under exposure to fire
- seismic performance category C1 and C2 for design of anchorages under seismic action
- complies with VdS CEA 4001: 2024-01 (08) for applications with sprinkler systems in concrete elements
- substrate type: cracked concrete, non-cracked concrete, stone
- pre- and through-fixing
- made of stainless steel for use in external atmospheric environment
- material: stainless steel A4
- for loads and more information, refer to the product data sheet and/or the ETA reports
