

Walraven BISOFIX® CF Cold FixPoint Clamp

(E0503)

Features & benefits

- insulated cold clamps made of pressure-resistant Polyurethane foam
- integral foam inner recess for mounting of the pressure flange
- outer link plates (galvanized) for connection to two piece set by crossbars
- high axial force absorption by the site welded to the pipe pressure flange
- durable materials ensure a long-term and reliable operation security
- PUR foam density ca. 250 kg/m³
- flammability class B2 (DIN 4102)
- K value 0.042 W/mK at 0 °C
