

Walraven Rubberfoot Support System Kit (Aluminium Channel 40x21)

(E2005)

Features & benefits

- assembled Kit ready to install to support small units like climate unit, heat pumps etc.
- kit contains 2 pieces of rubberfoot Type aluminium rail and 4 pieces of T-bolt assembly M8x40mm
- does not penetrate the waterproof membrane (at PVC roofs a separating layer must be installed to protect against plasticizer migration - see Walraven BIS Yeti® Triplex Separation Layer)
- material: vulcanized rubber, black; Rail 40x21mm made from aluminium
- For a detailed calculation and for support how to spread the load please contact Walraven Technical Support.
- In cases where a foot is used in roof applications, the installer is obliged to verify maximum load capacity of roof before installation
