

Walraven Pacifyre® Wool Coating

(U2010)

ablative coating for cables and pipes

Features & benefits

- Coating or filler designed for fire protection in cables and penetration seals
- Particularly suitable for applications requiring thin dry film thicknesses
- Forms a ceramifying protective layer when exposed to fire due to the Strong Endothermic Reaction
- Suitable for protective cable coating, cable and pipe penetration sealing, and large-surface bonding on critical substrates
- Can be applied indoors and in sheltered outdoor areas
- Withstands humidity, freeze-thaw cycles, UV radiation, and various oils and chemicals
- Solvent-free and halogen-free
- Offers strong mechanical resistance
- Viscosity can be tailored to specific needs
- Coating can be applied using a brush, paint roller, or airless spraying machine
- Provides protection up to EI 120
- Tested and approved according to EN 1366-3
