

Walraven Pacifyre® NBR+ Bandage

(U0441)

Fire protection bandage for insulated metal pipes

Features & benefits

- For sealing insulated, non-combustible pipes in R90 quality according to DIN 4102-11 or EI 90/120 according to EN 13501 in walls (solid walls or light partitions) and ceilings with fire protection requirements according to MBO or MLAR/LAR/RbAlI
- No tools and no drilling required
- Just one product for many installations
- Easy installation: place the bandage around the insulation, push it into the construction, done!
- Due to the small number of layers, it is ideal for areas that are difficult to access
- Always with insulation
- Weather-resistant material (against UV radiation and moisture | usage category X)
- Little need for space
- Zero distance to other insulation products possible (according to abP)
- Tested by the Materials Testing Institute for Construction (MPA), Braunschweig in accordance with P-2401/142/19-MPA BS and externally monitored
- ETA-20/0612
