

Walraven Yeti® 130 Frame Set (BUP1000)

(10452)

Set for quick installation of light units on flat roofs

Features & benefits

- complete set for supporting installation appliances on flat roofs
- suitable for wide range of commonly used airco's, ventilation units, etc.
- with non-slip anti-vibration mat
- mouldings made of WPC, a composite of recycled plastic and wood fibre
- plastic components made from 100% recycled material
- resistant to UV and chemical influences
- product is part of the Walraven UltraProtect® 1000 system
- suitable for in- and outdoor applications
- sound reduction
- UV-resistance according to EN ISO 16474-3:2014-02 - certified by ITB
- Maximum load F_{az} depends on the load capacity of the trapezium shaped roofing sheet.
- Before mounting, the roof load capacity has to be confirmed by a structural engineer. If changes to the mounting parameters is necessary then please contact Walraven Technical Department.
- The maximum recommended loads are calculated without accounting for wind and snow actions, which can vary significantly depending on local conditions. To ensure safety under typical circumstances, a global safety factor of 2 is applied.
- For project-specific calculations or site-specific conditions, please contact Walraven Technical Support for detailed assistance
