

Walraven Sista F190 Silicone Remover

(Y4010)

for removing fresh and hardened silicone residues in sanitary and construction areas

Features & benefits

- paste for removing silicone residues in sanitary and construction areas
- compatible with almost all standard building surfaces. Preliminary tests must be carried out on absorbent, mineral and painted surfaces
- not suitable for polyamide (nylon) and non-ferrous metals (copper, brass, zinc)
- not suitable for non-silicone sealants such as acrylates, PU, SMP (hybrid polymers)
- removes silicone residue so that it can be removed without leaving any residue
- pasty; adheres well even to vertical surfaces
- high effectiveness after a short time (from 2 hours)
- good compatibility even on sensitive surfaces
